- (5). Cooperate with the Ministry of education to promote the second specialty class, set up computer application courses, and assist the community to actively apply for students with good performance in response to the needs of computerization promotion in the industry.
- (6). Select data processing science students as teaching assistants of the second specialty class to assist in learning, become the best marketing channel of the data processing section, and become a popular section that recruits 12 classes of Freshmen in a school year.

5、Dean of Academic Affairs and Internship Counseling Business of Private Yuda High School in Taoyuan County for 11 years (90.08.01~101.07.31)

Creativity, Planning, Leadership and Execution

- (1). Taking over the educational administration in the academic year of 1990 coincided with the school's plan to restructure from a commercial vocational school into a senior high school. Immediately, it was responsible for writing a plan for applying for restructuring and renaming, and was successfully approved to be restructured into Yuda senior high school in Taoyuan County.
- (2). In academic year 91, in order to implement the concept of diversified and high-quality school running, we actively applied for the addition of 3 classes of catering management section and 2 classes of information section. In addition to the original business group section and ordinary high school, the industrial section and catering section were added, and the enrollment was successfully full.
- (3). In the academic year of 1992, under the instruction of the central office of the Ministry of education, it undertook the high school vocational school Expo in Taozhu district and successfully completed it in Yuping town cultural center.
- (4). In the academic year of 1993, it is proposed to add Applied Foreign Languages and practical skills classes, which have been approved by the Ministry of education and successfully recruit students, further towards the goal of diversity and high quality.
- (5). For the second time in the academic year of 1993, he received the instruction from the central office of the Ministry of education to undertake the national business student skill competition and served as the director general. More than 900 contestants from more than 160 schools participated in the competition and successfully completed the task.
- (6). In the academic year of 1995, the addition of early childhood care section and multimedia animation section was approved by the central office of the Ministry of education, and the enrollment was successfully full, and three classes were added according to the plan of one class year by year, all of which were full enrollment.
- (7). At the end of 20 years of technical and vocational education in the 1997 school year, it won the National Award for outstanding personnel in Technical Education issued by the Ministry of education, deeply feeling the honor and the driving force of continuous efforts.

- (8). In the 1999 school year, the beauty department was added, and immediately signed a cooperation plan with Mandu international, a pioneer in the national beauty industry. After the establishment of the beauty department, the school became the tenth department group, so as to realize a high-quality university with multiple choices for students with perfect group planning.
- (9). In the academic year of 1999, the Ministry of Education announced the award and praise, and became a total of 32 first-class high schools in China. Together with Wuling high school, it became the only first-class high school in public and private schools in Taoyuan County. All teachers were highly encouraged.
- (10). In the 100th school year, I cooperated with the Ministry of education to actively promote the publicity and promotion of diversified enrollment and adaptive counseling of national education in the past 12 years. I served as a seed teacher for the publicity of the Ministry of education. In addition to inviting middle schools from all countries to experience diversified and high-quality group courses and equipment, I was also invited to interact with teachers, students and parents in all countries of the county.
